## RULES FOR LOCKER DECORATING:

**CAUTION:** Before decorating, be sure to locate the top, front of the strip. If you don't, the strip will not fit the locker properly. You should see the letters “TF” in raised dots at the top, front of the strip. If not, be sure the orient the strip as seen in the picture at the right.

- You must provide all other materials used to decorate the locker strip. Please make sure that the locker strip is decorated before Monday, April 28.
- I recommend using adhesive magnetic strips to hang the locker strips on the lockers. DO NOT use double-sided foam tape. I will provide tape for hanging the locker strips on the locker, but NOT magnetic strips.
- The material put on the locker must be appropriate. (No beer ads, chewing tobacco, etc.)
- Do not put expensive or heirloom items in or on the locker.
- No Styrofoam peanuts, confetti, or golf balls may be put in the locker.
- You may leave appropriate surprises in your senior's locker if he/she has correctly filled out a locker form and turned it in. These forms will be distributed to you on locker night in the atrium area. If a student has not provided a form, I cannot give you his/her locker combination. It may be a good idea to ask your student ahead of time for his/her locker number and combination, just in case.
- Pick up your child's locker form at the check-in table in the Atrium on April 28.
- ONLY the locker is to be decorated - not the walls and ceiling above the locker. No balloons are to be attached to the locker strip.
- If your senior shares a locker, you will need to find out with whom he/she shares and contact that parent. All seniors must only have their parent(s) decorate their assigned lockers.
- It is recommended that you laminate the locker strip after you decorate it. It helps preserve the strip.
